Butte County Planning & Zoning Meeting

January 20, 2022

Good morning, everyone,

As you can see, I have called this a meeting and not minutes. This is due to the fact that we did not have enough board members available to call it a meeting. I hope that those of you who are not feel well, start to feel well soon. It is just that time of year.

Those present were Hayes Jensen, Tom Darland, Randy Purser and myself.

There were no minutes to discuss.

We talked to Seth Beal for a moment prior to the meeting and he was taken care of.

We need to find 2 more individuals to serve on the Planning and Zoning board. We were able to come up with a couple of names, and I will discuss with the clerk on Monday how to go about reaching out to those individuals to see if they are interested.

The main goal of the meeting was to discuss the Comprehensive Plan. The county has hired Kurt Hibbard to help with the plan.

I have attached the paperwork that we had at the meeting. Please print it out and answer as many of the questions that you can. There are instructions on page 8. There are 3 different groups of people who will be filling this out from around the county. The commissioners, a group that is made up of citizens, and then the Planning and Zoning board.

The Planning and Zoning board will have final approval. According to Kurt, this should not take a long time to complete. As you can see from the first page, Kurt has a plan of action to complete this plan very quickly and effectively. It will even be electronic for the future of Butte County.

We will be meeting with Kurt as a board at the next Planning & Zoning meeting that will be on the 17th of February. Please mark this on you calendar so that we can have all board members there to help out with the project.

I think we will all be happy that we had a say in how the Comprehensive plan is put together.

I hope that you all have a great weekend, and stay healthy.

Jody Harrington
